

Additional Personal Safety Precautions
2020 IMRC
National Mine Health & Safety Academy
Beaver, WV, U.S.A.

Subject: Use of Personal Protective Equipment and Disinfection Procedures during the 2022 International Mines Rescue Competition

To enable the IMRC to provide for the personal health and safety of all individuals involved in the competitions during the International Mines Rescue Contest anyone handling equipment such as SCBA's during the Technician Competition and other equipment such as Hand -Held Radios and Gas Detecting Equipment, etc will be required to wear disposable gloves. This includes all Contestants as well as Judges and other Competition Officials

The gloves will be provided by the IMRC and disposal areas will be available at all competition sites.

Shared equipment such as SCBA's, manikins, etc will be disinfected after use,

International Mines Rescue Competition

Since 1999
